Late Return Override (Article 8.2.C.6) - Lineholder

On the last duty period of an original pairing, a Flight Attendant who blocks in greater than 120 minutes after their originally scheduled block-in will be paid an additional one (1) TFP. **This override will be paid above applicable RIGs.**

Originally scheduled block-in: 2345 CT Actual block-in: 0244 CT (2:59 late)

Due to a delay on their originally scheduled pairing, this Flight Attendant finished their trip (block-in) more than 2 hours delayed (2:59 hours). Because of this, their pairing will pay:

21.14 TFP + 1.0 TFP (Late Return Override - LRO) = 22.14 TFP

NOTICE: Day 2 has DPM applied ("M") and Day 3 has DHR applied ("D"). The LRO pays on top of those RIGs. **TA2024 NOTE:** Day 3 would ALSO have Extended Ground Time pay applied: 235 minutes - 150 minutes = 85 \times 0.01 TFP = 0.85 TFP. **22.14 TFP + 0.85 TFP = 22.99 TFP**
